## FDA STATUS

Not FDA-approved for any use. ACE-031 is an investigational protein whose clinical development was discontinued after safety signals in trials.

## 1 mg vial — units to draw (U-100 syringe)

| Water added | mg/mL | 1 mg  | 3 mg | 10 mg |
|-------------|-------|-------|------|-------|
| 1 mL        | 1     | 100 u | —    | —     |
| 2 mL        | 0.5   | —     | —    | —     |
| 3 mL        | 0.33  | —     | —    | —     |

"—" means the draw exceeds one syringe at that concentration. Interactive calculator for any combination: [thelastpeptide.com/peptides/ace-031](https://thelastpeptide.com/peptides/ace-031)

ACE-031 dose figures are commonly discussed reference information with no approved labeling unless stated above. The Last Peptide is an educational reference and sells nothing. Dosing figures shown here are commonly discussed reference information, not prescriptions or medical advice. Many peptides listed are not FDA-approved. Talk to a licensed clinician before using any peptide.
